ANZAAS Kids'

Questions Forum

3pm Saturday 25 August 2007

in **THE AGE** Theatre, Melbourne Museum,
Carlton Gardens, Nicholson Street, CARLTON Vic (*Melway* 2B J10).

Kids ask questions, scientists give answers!

This is an opportunity for children aged 8-14 to put questions directly to six prominent Australian scientists. Designed to get kids thinking about how things work - not just about getting the "right" answers - this forum encourages children to think about the **big** questions.

Dr Tanya Hill (Astronomer, Museum Victoria)
Professor Doug Hilton (Australia Fellow, Walter and Eliza Hall Institute)
Professor Christina Mitchell (Biomedical Science, Monash University)
Professor Amanda Lynch (Federation Fellow, Monash University)
Professor David Vaux (Australia Fellow, Biochemistry - LaTrobe University)
Professor Andrew Sinclair (Murdoch Children's Research Institute)

Bookings essential: 13 11 02
